

What have we got to deliver: seven core requirements

Timing of appointments	<ul style="list-style-type: none">• Commission weekday provision of access to pre-bookable and same day appointments to general practice services in evenings (after 6.30pm) – to provide an additional 1.5 hours every evening• Commission weekend provision of access to pre-bookable and same day appointments on both Saturdays and Sundays to meet local population needs• Provide robust evidence, based on utilisation rates, for the proposed disposition of services throughout the week
Capacity	<ul style="list-style-type: none">• Commission a minimum additional 30 minutes consultation capacity per 1000 population per week, rising to 45 minutes per 1000 population
Measurement	<ul style="list-style-type: none">• Ensure usage of a nationally commissioned new tool to be introduced during 2017-18 to automatically measure appointment activity by all participating practices, both in-hours and in extended hours. This will enable improvements in matching capacity to times of great demand
Advertising and ease of access	<ul style="list-style-type: none">• Ensure services are advertised to patients, including notification on practice websites, notices in local urgent care services and publicity into the community, so that it is clear to patients how they can access these appointments and associated service• Ensure ease of access for patients including:<ul style="list-style-type: none">• All practice receptionists able to direct patients to the service and offer appointments to extended hours service on the same basis as appointments to non-extended hours services• Patients should be offered a choice of evening or weekend appointments on an equal footing to core hours appointments
Digital	<ul style="list-style-type: none">• Use of digital approaches to support new models of care in general practice
Inequalities	<ul style="list-style-type: none">• Issues of inequalities in patients' experience of accessing general practice identified by local evidence and actions to resolve in place
Effective access to wider whole system services	<ul style="list-style-type: none">• Effective connection to other system services enabling patients to receive the right care the right professional including access from and to other primary care and general practice services such as urgent care
